Moldova Dental

Dentists, Hygienists, and Dental Assistants are needed to provide mobile dental clinic care in the village communities surrounding Chisinau. Teams of at least 4 will primarily provide restorative care, but will also conduct dental hygiene training with children in the community and help to do minimal hands-on training of local dentists and hygienists if they are available. Dental teams must bring all of their dental equipment, instruments and supplies as there is no permanent dental clinic available. MTI can loan dental equipment, however, cannot cover all of the consumable dental supplies.

Departure Dates:	June to September- with some flexibility
Duration of Trip:	2 weeks
Specialty:	Dentists Hygienists Dental Assistants
Projected Cost:	\$2,800 - \$3,300

Notes on International Volunteer Opportunities

- **Projected costs** typically include airfare, food, lodging, ground transportation, and medical evacuation insurance unless otherwise noted. Many costs are tax deductible if you are a US resident, but we recommend talking to a tax consultant to determine specifics.
- **Fundraising** is available through a webpage MTI sets up for the team. All donations to the team are tax-deductible if you're a resident of the US.
- **Faith requirements** are noted where appropriate. Medical Teams International does not have faith requirements for volunteers, but some of our in country partners request that we send Christian volunteers, which is noted where applicable.
- **For more information** email volunteer@medicalteams.org or call 503-624-1000
