

Engage Your Employees through Medical Teams' Compassion Force Kitting Events

For 40 years, Medical Teams has worked to restore hope by restoring the health of people in crisis. We respond to natural disasters and humanitarian emergencies by mobilizing volunteers, engaging in-country health professionals, and distributing medical supplies and medicines.

Your company can be a force for good in our local and global communities through Medical Teams' Compassion Force - our powerful community working to restore hope by taking action. Sponsor a Compassion Force Kitting Event, and your employees will work together to assemble hundreds of hygiene kits to be distributed to our local and global communities. These kits are given to people in crisis - helping to prevent illnesses and provide a bit of normalcy in the middle of difficult circumstances. Kits will be distributed to people experiencing homelessness in the Pacific Northwest, beneficiaries in Guatemala, and to people in crisis in the U.S. and abroad for disaster response and relief.

Kitting events can be held at your company or at Medical Teams' distribution centers in Tigard, Oregon.

During these 2-hour events, your employees will assemble kits, build camaraderie through team volunteering, and learn about international health aid through a global health & disaster relief trivia game. If your event is held at one of Medical Teams' facilities, your employees will also have the opportunity to experience our REAL LIFE Exhibit.

Contact us today to schedule your company event!

On-going engagement opportunities and impact communications for your employees and corporate social responsibility managers	X	X
Social media call outs on Facebook, Instagram, and Twitter (one on the day of your kitting event, one for follow-up impact)	X	X

Corporate Impact

When you sponsor a Compassion Force Kitting Event for your corporate employees, you impact thousands of lives. The kits made by your employees will be distributed to beneficiaries domestically and globally, including:

- In the Pacific Northwest through our Mobile Dental Program
- Locally through trusted nonprofit partners who serve the homeless
- In Guatemala through our Child and Maternal Health Program
- In the U.S. through our domestic emergency response
