

SPONSORSHIP OPPORTUNITIES HEALTHY WOMEN, HEALTHY WORLD LUNCHEON

Your partnership with Medical Teams will demonstrate your company is a force for good to your customers and employees. Your company's brand will be showcased to a large group of our loyal donors who are esteemed corporate and community leaders, medical professionals, and philanthropists. Your support will continue to bring life-saving care and make an impact both locally in the Pacific Northwest and worldwide.

WHAT WE DO

Medical Teams International works with partners to boldly break barriers to health and restore wholeness in a hurting world. For 45 years, Medical Teams has provided loving, life-saving care to people facing crisis in the U.S. and around the world.

Together with our partners, we work with communities and local experts to best serve the needs of people who are hurting.

In Colombia, Tanzania, Ethiopia, Sudan, Ukraine, and Uganda, we provide basic health care to refugee and migrant communities. Here in the United States, our Care & Connect Mobile Health program offers free emergency dental and health screenings to people without other access to health care.

WHAT WE'VE ACCOMPLISHED

In 2024, our work included:

- ▶ Served 9.6 million people with loving, life-saving health care.
- ▶ Trained and deployed more than 3,400 community health volunteers and employed more than 5,000 staff members across our 6 international country programs.
- ▶ Delivering more than 30,000 babies safely for women across our 6 international programs.
- ▶ Provided emergency dental care, vaccinations, and health screenings for more than 6,097 people in the Pacific Northwest.

CORPORATE PARTNER RECOGNITION

At this year's luncheon, we will be celebrating 10 years of championing health and wholeness for women and children around the world. The theme for this year's annual fundraising luncheon is "strong enough to play, healthy enough to dream". When young children have access to health care, they have a better chance of growing into strong, healthy individuals with hope for a better future.
